Education

DPhil in International Development, University of Oxford
(Funded by the ESRC Grand Union Doctoral Training Partnership Studentship)

PRESENT

MSc Environment & Development, London School of Economics, **Distinction** 10/2020 - 10/2021

Dissertation analysed how resource extraction and policy shape environmental governance and conflict, using a systems approach to identify key trade-offs

Relevant Modules:

- Research Design for Policy & Programme Evaluation – mixed-methods evaluation design, theories of change, and experimental/quasi-experimental approaches
- Climate Change: Science, Economics and Policy – analysed climate risks and policy responses

BSc Social Policy, University of Bristol, **First-Class Honours** 10/2017 - 10/2020

- Dissertation applied multivariate regression to analyse how ethnicity, gender and income shape environmental inequality, generating insights into structural drivers of environmental injustice (Best Dissertation Award)

Relevant Modules:

- Principles of Quantitative Social Science – statistical analysis in SPSS, including regression and data interpretation
- Social Research Methods – research design, surveys, interviews and mixed-methods data collection

Experience

Research Assistant, LSE International Inequalities Institute

04/2026 - PRESENT

- Conduct qualitative and mixed-methods research for the LSE-Tsinghua Building Sustainable Societies Project, leading interviews, focus groups, and thematic analysis using NVivo.
- Support quantitative data collection, stakeholder coordination, and dissemination activities, contributing to cross-cultural sustainability research

Communications & Operations Manager (formerly Officer), Action Village India

10/2024 - PRESENT

- Support six international development projects across rural India through partner communications, operational coordination, reporting and IT systems, working closely with the Executive Director
- Coordinate 20 volunteers, supervise an intern, deliver fundraising events, lead digital communications (newsletters via InDesign/Mailchimp and social media campaigns), secured £70,000 through successful grant applications, and launched a communications strategy to engage younger audiences
- Manage website content, rebranded the ethical shop, developed a standalone site, and increased revenue

Research Analyst, Law Business Research

08/2022 - 01/2024

- Conducted weekly qualitative interviews and focus groups with legal professionals as part of ESG and climate policy research programmes
- Coded and analysed interview transcripts using thematic frameworks, synthesising insights into structured reports for internal teams and clients
- Managed and cleaned large research datasets in Salesforce CRM to support quantitative analysis across multiple research campaigns

Research Assistant, University of Bristol & Bristol City Council

01/2019 - 01/2020

- Supported a mixed-methods research project assessing third-sector resilience, designing a survey and conducting interviews with participants
- Collected and organised qualitative and quantitative data, contributing to analysis of organisational resilience in the third-sector
- Monitored national policy developments and produced briefs and research reports summarising findings for council and project stakeholders

Editorial Research Assistant, Westminster Forum Projects

10/2021 - 08/2022

- Coordinated policy seminars on climate, business, and law, liaising with MPs, government officials, and civil society representatives
- Researched motions, legislation, and policy trends to shape agendas aligned with parliamentary and public discourse
- Curated seven high-impact seminars, contributing to informed debate and stakeholder engagement

Volunteering

Volunteer, Cinduli Finca Orgánica Cacaotera Colombia & La Cruz Verde Bolivia

02/2024 - 05/2024

- Delivered rural development and environmental restoration projects in remote rainforest regions, contributing to intercultural exchange and trust-building with indigenous communities

Research & Digital Tools

SPSS, NVivo, SurveyMonkey, Excel, Canva, Microsoft Office, WordPress, Squarespace, Mailchimp, Salesforce, Adobe
